14650 – 118<sup>th</sup> Avenue  
Edmonton, Alberta Canada T5L 2M8

ATT: Mr. Neil Lewis, President

Dear Mr. Lewis,

Please accept, on behalf of the entire Community, Sir, our heartfelt thanks for responding so generously to our Sister's request in August for a 225 KW Bernis generator end. The Sisters who travel a great deal in the U.S. in provision of the Order's material needs were quite touched by your immediate, warm reception on the telephone, not to mention your sincere interest in our needs, and spontaneous efforts to provide support. Thanks to your outstanding generosity, the Fathers who handle all maintenance & installations at the Mother House hydro power & generating plants will be able to successfully & efficiently complete the fabrication of our small peak turbine, in provision of normal, daily electrical operations throughout the Mother House complex, with the inestimable assistance of a reliable generator. Due to the fact that the members of our Order lead a life of prayer and penance in the accomplishment of their daily tasks, whether they be in the contemplative or active life, at the Mother House or in the foreign missions, many blessings are bestowed upon those who participate in providing for our material needs; and we want you to know that it is always very consoling for us to still find kind persons like you, Sir, who are willing to help those in need.

Realizing fully that our mere words are a far cry from an appropriate show of gratitude, we wish to assure you, Mr. Lewis, that you have an important place in the daily prayers of our Religious, present and future; for we pray each day for our benefactors, without whose help we could not subsist, nor help others. May God always sustain and strengthen you in all your needs, and grant you continued success in all your undertakings. We humbly ask this of Him, as well as His choicest blessings upon you, Sir, your loved ones, and all those of your establishment.

Sincerely and most gratefully,

*Sister Mary Emily of Christ The King, O.S.B.*
