Dear Neil:

Re: Letter of Reference - Raylew Enterprise Ltd.

It is with pleasure that I provide you with this letter of reference on behalf of the Grey Nuns' Regional Centre for Raylew Enterprise Ltd.

After witnessing the disaster caused by the freezing rain in Montreal and surrounding area a few years ago, the management team of the Grey Nuns' Regional Centre felt that they should be proactive and be prepared should they be faced with a major power failure. We contacted Raylew Enterprise to give us a proposal on a standby generator that would accommodate our needs for backup power in the event of a major power failure.

They came back with a proposal to supply and install a 500 KW power plant to run our entire building at a price that was most reasonable. As proposed, it was installed in a very professional and competent manner on schedule and on budget.

We sincerely thank Raylew Enterprise for their excellent work and would highly recommend their services to any organization requiring similar expertise.

Sincerely,

Rémi Girard
Physical Plant Manager
